

11 Bimbimie Street FLETCHER NSW

3  2  2 

Beautifully presented Beechwood home with the most conscientious of owners presenting a home to the lucky new owners that could genuinely pass as brand new - but below 2015 replacement cost and without the hassles of building!

The home consist of three bedrooms, with a media room that could be converted to a fourth bedroom or a study if required. It also enables the option for two living areas and facilitates his and hers television areas or can separate the generations.

There is a generously proportioned, air conditioned open plan living area flowing from the kitchen. The timber-look floors really work a treat and are quite serviceable for those with children or have the grandkiddies visit!

The configuration works quite well with the main bedroom

Type : House
Price : \$ 509,000
